

Changing lives with permanent, affordable housing.

Takesa Village

Takesa Village is a **resident-owned community**. This means we own it! The member homeowners of Takesa Village control the rent and make the rules. A family-friendly community, we have a playground, community hall, and two pools.

Village Cohousing Works

VCW is a nonprofit. We work with contractors to build and install new, factory-built homes. We work with our buyers to help them prepare for a home loan. Those who qualify for a home loan with our partner, Numerica CU, are offered a low down payment and 30 year terms. We sell homes at cost!
